THE Flemish-Lynn Phonograph Company has taken over all the business, assets, and plant of the Flemish Phonograph Company, a New York Corporation, and intends merging with the Lynn Phonograph Company of New Jersey. Various other phonograph companies, properties, patents and patent-rights on phonograph accessories, needles and records are to be acquired from time to time, through purchase or stock-ownership.

We quote a letter from President M. B. Baer as follows:

Brooklyn, New York, May 13, 1916.

Messrs. C. R. Bergmann & Co., 66 Broadway, New York City.

Gentlemen:

In connection with the merger of the FLEMISH PHONOGRAPH COMPANY, Inc., and the LYNN PHONOGRAPH COMPANY, which I have been in the manufacturing business for over twenty years, but never in my career have I felt so sanguine about anything as I do of the possibilities before the new FLEMISH-LYNN PHONOGRAPH COMPANY in the field of the popular-priced phonographs.

The splendid equipment and plant facilities which we possess assure us of such a lead in the field as will out-distance all competition. At this moment we can, on a single nine-hour shift, produce about 1,500 Phonographs of the various types per day, these machines to retail at \$4 to \$15. With the machinery already contracted for, which is to be fully installed in our plant by July 1st next, we will be in a position to turn out, on a single shift, about 2,000 complete Phonographs per day. By doubling this shift—which we can easily do with our splendid method of lighting, enabling us to work as well at night as in the daytime, we could have a maximum capacity of upwards of 3,500 to 4,000 machines per day.

Our modern plant is equipped to manufacture every part of the Phonograph under our own roof, thereby enabling us to effect the greatest economies of operation, and to produce Phonographs of the most modern type, including cabinets, at a price so that they can be retailed at practically one-half the price of any Phonograph on the market to-day. We have at the present time enough business on hand to keep our plant busy until the first of the year. We have just closed a contract with the Syndicate Publishing Co. which will represent 150,000 machines this year. We are also about to close a very large contract with the P. LORILLARD CO., the large tobacco distributors. We also have orders on hand and in sight for over 200,000 Lynn Phonographs. It is estimated, from orders already in hand or in sight, our net profits should approximate \$2,000 per day, or at the rate of \$600,000 per annum for the next eight months. Constant expansion of our plant facilities will augment these figures.

Yours very truly,

FLEMISH PHONOGRAPH CO., Inc. M. B. Baer, President.

Application will be made to list these shares on The New York Curb Market. The legality of the above merger and issues has been passed upon by Messrs. Bandler & Haas, Attorneys, 42 Broadway, New York City.
